New for 2020, BelliSlimo Dry is the solution where space-saving in regions with hard or aggressive water is a key priority. This high-tech double tank electric water heater with an exclusive Italian design, 28 cm in depth for an easy installation, has two dual dry heating elements that grant a reliable protection against lime scale.

BelliSlimo Dry is reversible and appears both as a horizontal and a vertical piece of art for everyone's taste and space. The range offers models with storage capacity from 50 to 100 litres.
